Federal Security Agency
LOYALTY OF GOVERNMENT EMPLOYEES

You are instructed to conduct a full field investigation concerning the above-named individual. This investigation is to be assigned immediately and the results mailed to reach the Bureau by December 23, 1949.

Attached for your assistance is a photostatic copy of the Request for Report on Loyalty Data furnished to the Bureau on this individual.

The Bureau files contain the following information regarding this person:

Reference is made to a report by Special Agent [redacted] dated August 4, 1947, at Washington, D. C., entitled "American-Soviet Science Society Incorporated, Internal Security - R". This report reflects that the American-Soviet Science Society Incorporated was originally organized in 1943, under the name of the Science Committee of the National Council of American-Soviet Friendship. The National Council of American-Soviet Friendship was named by the Attorney General as within the purview of Executive Order 9835. This report sets out a list of members of the American-Soviet Science Society Incorporated. Appearing on this list is the name of Dr. Gregory Pincus, phys., Worcester Foundation for Experimental Biology, 222 Maple Avenue, Shrewsbury, Massachusetts.

(100-344903 - serial 25, page 23)

Reference is made to a report by Special Agent Arthur H. Radigan dated March 9, 1949, at New York, New York, entitled "Alexis George Pincus, AEA". This report concerns a brother of the appointee. The report indicates that Joseph William Pincus, the father of Alexis George Pincus and the appointee, was a Consulting Agriculturalist with the Amtorg Trading Company at New York City. Confidential Informant T-2 advised that at least during the year 1937, Joseph W. Pincus was an employee of the Amtorg Trading Company. It is further revealed

I. PERSONAL HISTORY

Washington
Boston Confidential Informant T-1 is another Governmental agency having jurisdiction in personnel matters. From its records, the following personal history of the appointee was obtained:

GREGORY GOODWIN PINCUS was born in Woodbine, New Jersey on April 9, 1903. His parents were JOSEPH W. PINCUS and ELIZABETH LIFMAN PINCUS, both of whom were born in Russia.

The appointee received a B. S. Degree from Cornell University in 1924 and both a Master's Degree and Doctorate from Harvard University in 1927. Following graduation from Harvard University, Cambridge, Massachusetts, in 1927, he did postgraduate work in research biology at Cambridge University in England and at the Kaiser Wilhelm Institute in Germany. He was also from 1927 to 1930 a research fellow of the National Research Council. He became an instructor in 1930 at Harvard and served in the Department of Biology until September, 1938. He had a leave-of-absence during the year 1937-1938 and upon completion of his work at this institute, he held the rank of Assistant Professor.

121 21003 2
From 1938 to 1945, he was Visiting Professor of Experimental Zoology at Clark University, Worcester, Massachusetts, and since that time has been the Director of Laboratories at the Worcester Foundation for Experimental Biology, Worcester (Shrewsbury), Massachusetts.

On May 6, 1929, the Appointee married his wife, ELIZABETH, who was born in Russia on April 17, 1898, and was naturalized at Boston, Massachusetts, on May 6, 1929, Certificate No. 2941041.

The appointee attained passport No. 447554 on June 21, 1937, and renewed it with passport No. 12528 on February 28, 1947. The latter passport was renewed again on February 28, 1949 and in the application for renewal, PINCUS stated he intended to depart from New York City on July 6, 1949, aboard the Polish ship SS BATORY. With reference to this latter trip, the appointee in

I. PERSONAL HISTORY

Washington Confidential Informant T-1 is another Governmental agency having jurisdiction in personnel matters. From its records, the following personal history of the appointee was obtained:

GREGORY GOODWIN PINCUS was born in Woodbine, New Jersey on April 9, 1903. His parents were JOSEPH W. PINCUS and ELIZABETH LIPMAN PINCUS, both of whom were born in Russia.

The appointee received a B. S. Degree from Cornell University in 1924 and both a Master's Degree and Doctorate from Harvard University in 1927. Following graduation from Harvard University, Cambridge, Massachusetts, in 1927, he did postgraduate work in research biology at Cambridge University in England and at the Kaiser Wilhelm Institute in Germany. applying for the passport renewal stated that he intended to visit Holland, Denmark, Switzerland, France and England for the purpose of research study and for the further purpose of giving lectures at the International Biochemical Congress in Cambridge, England.

III. RESULTS OF INVESTIGATION

Employment

The appointee's current employment as Co-Director of the Worcester Foundation for Experimental Biology was confirmed by Dr. HUDSON HOAGLAND, the other Co-Director. Dr. HOAGLAND stated he had known the appointee socially and professionally for twenty-five years. He recommended the appointee as loyal.

Dr. BARDWELL G. FLOWERS has known the appointee as a professional acquaintance for seventeen years. Dr. FLOWERS does not know the appointee socially. Based upon the stated association, Dr. FLOWERS recommended the appointee as loyal. He advised that PINCUS is now employed on a consultant-fee basis by the Worcester State Hospital for the Insane whereat FLOWERS is State Director.

Miss M. HILLS, secretary, at the office of the Harvard Corporation, Harvard University, Cambridge, Massachusetts, made available the record of the appointee's employment. The record confirmed that employment set forth in the Personal History above and further indicated that during the period of his employment, the appointee was associated with the Bussey Institution, the Botanical Museum and the Massachusetts Society for the Promotion of Agriculture. All of these named departments are no longer in existence. Their functions are being carried on by the Harvard Laboratory for Experimental Biology and the Harvard Graduate School of Arts and Sciences. There was nothing in the record maintained by Miss HILLS which reflected in any way upon the present inquiry and the appointee was personally unknown to Miss HILLS.

Miss L. M. SHEA, secretary at the Harvard Graduate School of Arts and Sciences, made the records of that institution available and they also confirmed the information set forth under Personal History above. There was no other information pertinent to the instant inquiry.

Mrs. LYDIA COLBY is the Registrar of Clark University, Worcester, Massachusetts. Mrs. COLBY produced records reflecting that the appointee was employed as indicated above. The record reflected no data pertinent to this inquiry. Mrs. COLBY noted that all of the persons with whom the appointee had been associated at Clark were now at the Worcester Foundation for Experimental Biology and further that the latter institution was originally the Clark University Department of Experimental Biology.

REFERENCES

Washington T-1 has advised that the appointee named the following persons as references:

Dr. HUDSON HOAGLAND, whose recommendation is set forth under Employment, above.

Dr. BARDWELL G. FLOWERS, whose recommendation is set forth under Employment, above.

Dr. WILLIAM J. CROZIER is the head of the Harvard Laboratory for Experimental Biology. Dr. CROZIER stated that he had known the appointee socially and professionally for the last twenty-five years. Dr. CROZIER asserted that when the appointee had been a student and instructor at Harvard under his direction, his family background had been better known to his fellow students and faculty advisers than that of most students. CROZIER asserted that the appointee's father, JOSEPH W. PINCUS, had an international reputation as an agronomist. JOSEPH PINCUS had married into the LIPMAN family, which family, according to Dr. CROZIER, has been a 'beacon light' for generations in research work in soil conservation and fertilizers. Both the LIPMAN and PINCUS families immigrated to this country from Eastern Europe because of religious persecution. In addition, during the appointee's early years at Harvard, his father's association with Amtorg was well known. The association, in Dr. CROZIER's opinion, was predicated purely upon Dr. JOSEPH PINCUS' interest in agronomy and was designed to enable Dr. PINCUS to know of developments in that field in the USSR and further to help disseminate information concerning scientific progress in this country to the USSR. Dr. CROZIER stated that no one ever suspected Dr. JOSEPH PINCUS of disloyalty but that all knew he was intensely interested in the dissemination of knowledge in his chosen scientific field.

Moreover, because of Dr. JOSEPH PINCUS' affiliation with Amtorg, students and instructors were inclined to regard the appointee as an authority on things Soviet. At any time a Soviet announcement of a political or scientific event created interest, Dr. CROZIER stated that he would ask the appointee his opinion of the matter. In these discussions, Dr. CROZIER found that PINCUS apparently gave an honest and sincere answer to the best of his ability although he did not appear to have any special knowledge. Dr. CROZIER has heard PINCUS criticize the Soviet Union sharply on matters concerning scientific research, domestic politics and international relations. Dr. PINCUS at one time told Dr. CROZIER that an intellectual could not be a Communist unless he adopted the philosophy of Communism as a religion, i.e., forced his reason to abandon its natural course and substitute for reason, faith. Thus, Dr. CROZIER stated, PINCUS indicated quite plainly that it was impossible for a rational man to be a firm believer in Communist ideology.

Dr. CROZIER recommended PINCUS without qualification as loyal to the United States.

Dr. W. M. WHEELER, who was also listed as a reference for the appointee, was determined to be deceased.

Boston T-2 stated that from this association he had found no occasion upon which he would question the appointee's loyalty to the United States.

It should be noted that Mr. BENJAMIN MANDEL, Director of Research, House Committee on Un-American Activities, in 1942, advised that Russian War Relief was a Communist-controlled "front organization." He further advised that Russian War Relief was started at a rally held July 2, 1941, in New York City. This rally was sponsored by the American Council on Soviet Relations, which later became the National Council on American-Soviet Friendship, which organization appears on the list of organizations named by the Attorney General as within the purview of Executive Order 9835.

There is set forth on page 364-5 of appendix 1A, First Section of the report of the Special Committee of Un-American Activities, House of Representatives, 78th Congress, Second Session, the information that the "Communist Party, under whatever name it has operated, has maintained front organizations and conducted enterprises for the sole purpose of carrying on propaganda on behalf of the Soviet Union. Some of the more important of these fronts and enterprises have been Russian War Relief....."

Boston T-3, of known reliability, has known the appointee professionally for approximately fifteen years and recommended him without qualification as loyal to the United States.

ADMINISTRATIVE PAGE

Boston T-2 advised that on one occasion during his association with the appointee in Russian War Relief, the appointee's wife suggested to the informant that the persons of Russian extraction serve a Russian meal to the Negro people of Worcester. Boston T-2 regarded this as an unusual suggestion of the type he would anticipate receiving from a Communist sympathizer. Informant did not accept the suggestion and no action along this line was ever taken.

Boston T-2 further advised that he felt that the appointee lived beyond the income it was estimated he received, said estimate being made by Boston T-2 and other associates.

Boston T-3 advised that the appointee maintained a checking account with an average balance of \$2,000 or \$3,000, a high average in Worcester, Massachusetts. However, Boston T-3 further advised that the appointee had no other bank accounts in Worcester or Boston, Massachusetts.

Boston T-6 advised that in the year 1948, the appointee received \$5,900 in salary from the General Funds of the Foundation and \$1,000 as a special grant from T-6. T-6 further stated that the appointee did not live beyond his income and could at any time leave his present position to accept another with a pharmaceutical company which would multiply his income by 500 %.

Dr. WILLIAM CROZIER advised that the only adverse information he could provide concerning the appointee was that during his years at Harvard he was extremely careless about money. He would overdraw his checking account and would borrow and fail to repay. This, according to CROZIER, was due to the appointee's intense interest in science and little else.

All of the above-named sources stated separately that the appointee was intensely interested in his research work and had never indicated any interest in political matters or business matters.

T-1 advised that among others the appointee had listed as a reference Dr. WILLIAM MALAMUD, Boston University. Confidential Informant T-4 identified Mrs. WILLIAM MALAMUD as a professional member of the Communist Party at Worcester, Massachusetts, during her residence in that city, which terminated approximately in June, 1948. Dr. BARDWELL FLOWERS advised that he arranged to terminate Mrs. MALAMUD's services with the Worcester State Hospital for the Insane in view of her extensive activity in this State institution on behalf of the Honorable HENRY AGARD WALLACE, candidate for the Presidency in November, 1948.

BOS. 121-1874

✓ Dr. HOAGLAND stated that he had never known Mrs. MALAMUD to criticize the Soviet Union, while often upholding it.

T-2, T-4 and T-6 advised that the appointee did not closely associate with the MALAMUDS on a social basis but only knew them professionally.

In view of the foregoing, Dr. MALAMUD was not interviewed.

It is noted that T-6 provided the following information concerning the Worcester Foundation for Experimental Biology, where the appointee is a Co-Director.

The Foundation was originally the Clark University Department of Experimental Biology. CLARK refused to allow the Department to expand in the manner which it desired and so its two principal employees, PINCUS and HOAGLAND, decided to establish the Foundation. They approached T-6 and other philanthropists who agreed to sponsor the organization provided that other donors could be located on a nationwide basis. HOAGLAND contacted Dr. FARLOW SHAPLEY, Director of the Harvard Observatory of Cambridge, Massachusetts. SHAPLEY found other donors and became the Chairman of the Board of Trustees. One of the heaviest contributors was the late MARTIN HIGGINS, President of the Norton Company, Worcester, Massachusetts.

In March, 1949, Dr. SHAPLEY became exceedingly active in the "Cultural and Scientific Conference for Peace," held at the Waldorf Astoria Hotel in New York City. This Conference was described by the Under Secretary of State, GEORGE ALLEN, in the New York Times of March 17, 1949, as a "Communist propaganda effort." The Conference attracted considerable publicity which, in the opinion of T-6, was very unfavorable toward its sponsors. In the Spring of 1949, HOAGLAND and PINCUS gave a tea to the directors and prospective donors. They revealed that the Foundation was in precarious financial condition and solicited those present to contribute large amounts of money for expanded and continued research work. Boston T-6 publicly stated that he would not contribute any more funds to the organization so long as Dr. FARLOW SHAPLEY remained as Chairman of the Board. T-6 predicated his statement upon the above-described Conference and condemned this type of activity on the part of research scientists. The criticism was joined in by Mr. HIGGINS, who subsequently died and instead of leaving the promised half million, left the Foundation \$10,000.

This lack of new contributions has sharply curtailed the work of the Foundation with the result that it is now in precarious financial condition, according to T-3 and T-6. T-6, T-3 and T-7 advised, however, that the appointee's association with SHAPLEY appears to have been on a solely professional, scientific basis.

Verification of the records of the Massachusetts Board of Probation and the Credit Bureau of Greater Boston was made by Special Employee [redacted]. It is noted that the credit record reflects that in 1936, Docket No. 1125, the appointee was sued by the Harvard Cooperative Society for defaulting on a \$300 time payment contract and that judgment against him was rendered in the amount of \$123.58. On January 19, 1929, Docket No. 69592, appointee was sued by one CAROLYN L. LOWE for \$220 rent. No judgment was issued.

The neighborhood investigation was conducted by Special Agent [redacted]. Confidential Informants T-2 through T-7 were interviewed by the writer.

The appointee's son is the Subject of the report of Special Agent DON R. ROSE at Boston, dated November 30, 1949, and entitled, "JOHN A. PINCUS, aka Alexis John Pincus, SPECIAL INQUIRY, JOINT COMMITTEE ON ATOMIC ENERGY."

HUDSON HOAGLAND is the Subject of an LGE inquiry - Public Health Service, Army, which preliminary investigation was closed with an RUC letter submitted by Boston on December 19, 1949.

Neighborhood investigations were not conducted at Downing Street and Institute Road, Worcester, Massachusetts, because (1) it was felt a sufficient number of persons who knew the appointee well in Worcester had been interviewed, and (2) the appointee's Foundation is in precarious financial condition. It was felt that if neighborhood investigation resulted in unfavorable publicity to the appointee, it might so effect his livelihood as to bring a charge that this Bureau had unwarrantedly interfered with this man's career.

It should be noted that Mr. Benjamin Mandel, Director of Research, House Committee on Un-American Activities, in 1942, advised that Russian War Relief was a Communist controlled "front organization." He further advised that Russian War Relief was started at a rally held July 2, 1941, in New York City. This rally was sponsored by the American Council on Soviet Relations, which later became the National Council on American-Soviet Friendship, which organization appears on the list of organizations named by the Attorney General as within the purview of Executive Order 9835.

There is set forth on page 364-5 of appendix LX, First Section of the report of the Special Committee of Un-American Activities, House of Representatives, 78th Congress, Second Session, the information that the "Communist Party, under whatever name it has operated, has maintained front organizations and conducted enterprises for the sole purpose of carrying on propaganda on behalf of the Soviet Union. Some of the more important of these fronts and enterprises have been Russian War Relief....."

~~Confidential Informant New York City T-2, another government agency conducting security and intelligence investigations, advised on April 2, 1942, that "Russian War Relief was being conducted by Communist, and on April 2, 1942, the same informant stated that "it was becoming one of the organizations most valuable to the Communist."~~

BASIS OF INVESTIGATION

This investigation is based upon information contained in the files of Washington T-1, another government agency performing personnel and intelligence investigations. On July 8, 1947, DUNCAN A. MAC INNES, Acting Chairman of the American Soviet Science Society, Incorporated submitted to Washington T-1 a membership list dated October, 1946, of the American Soviet Science Society, Incorporated. The following two names appeared on this membership list:

Dr. GREGORY PINCUS
Physician
Worcester Foundation for Experimental Biology
222 Maple Avenue
Shrewsbury, Massachusetts

Dr. J. W. PINCUS
Agriculture
64 West 93rd Street
New York, New York

21 21003

Washington T-2, a confidential informant of known reliability who is well acquainted with certain activities of the American Soviet Science Society, Incorporated advised that this organization was originally organized on November 7, 1943, as the Science Committee of the National Council of American-Soviet Friendship, 114-232nd Street, New York City, and that on May 1, 1945, the name was changed to the American-Soviet Science Society. In May, 1946, the American Soviet Science Society, Incorporated ostensibly severed relations with the American Council of Soviet-American Friendship and in August, 1946, the American Soviet Science Society established its headquarters at 58 Park Avenue, New York City which was also the headquarters of The American Russian Institute. The American Soviet Science Society was incorporated in the State of New York on December 16, 1946, under the name of the American Soviet Science Society, Incorporated.

III RESULTS OF INVESTIGATION

AT BERKELEY, CALIFORNIA

Dr. WILLIAM E. CASTLE, 421 Spruce Street, stated he was associated with GREGORY GOODWIN PINCUS at Harvard University for several years where PINCUS worked under CASTLE's direction. CASTLE related that PINCUS' father was born in Russia, and he was engaged in business in New York City, and subsequently became a United States citizen. PINCUS' mother is a fine loyal American woman according to Dr. CASTLE.

CASTLE added that PINCUS' mother's brother was CHARLES LIPPMAN, deceased, former Dean of the Graduate Division of the University of California. CASTLE stated that it was LIPPMAN who recommended PINCUS to CASTLE to study Genetics at Harvard University.

He stated that accordingly PINCUS came to him, and that they formed an association, which developed to a friendship, and CASTLE stated he has maintained his friendship with PINCUS since about 1926.

CASTLE stated that he considers GREGORY GOODWIN PINCUS to be a loyal American citizen.

RESULTS OF INVESTIGATION:

Certificate No. 11518 of 1903 births in the records of the New Jersey Bureau of Vital Statistics, Trenton, New Jersey was filed on April 21, 1903 by Dr. JOSEPH JAFFE of Woodbine, New Jersey. This certificate reflects that PINCUS was a white male child born at Woodbine, Cape May ~~County~~ ^{MYRANKS} New Jersey on April 9, 1903. He was the first child of JOSEPH PINCUS, age 26 years, born in Russia, and employed as "Instructor - HST." The child's mother is listed in the body of the certificate as LOUISE LIPMAN, age 22, and born in Russia. On the face of this certificate the child's mother is listed as LISA LIPMAN ~~PINCUS~~ ^{PINCUS}

The files of the same New Jersey Bureau of Vital Statistics also contain an affidavit executed March 28, 1941 by JOSEPH W. PINCUS, 255 West 98th Street, New York, New York before JACK Q. HUTLER, Notary Public, of New York, New York. In this document JOSEPH W. PINCUS describes himself as the father of the child described in Certificate No. 11518 and requests that the name of the child be changed from PINCUS to GREGORY PINCUS, and that the maiden name of the child's mother be changed from LOUISE PINCUS to ELIZABETH (LIZZIE) PINCUS. The witness to the execution of this document was ALEXIS G. PINCUS of Southbridge, Massachusetts.

Reference is made to Bureau letter of November 23, 1949, initiating full field investigation; Bureau deadline December 23, 1949.

For the information of the New York Division, which is not known to have received prior correspondence in this matter, the following is being set forth:

This investigation is based on information appearing in the report of Special Agent [redacted] dated August 4, 1947, at Washington, D. C., entitled "American - Soviet Science Society, Incorporated, Internal Security - R." This report reflects that the American - Soviet Science Society, Incorporated was originally organized in 1943 under the name of the Science Committee of the National Council of American - Soviet Friendship. The National Council of American - Soviet Friendship has been cited by the Attorney General as coming within the purview of Executive Order 9835. The report of Special Agent [redacted] sets out a list of members of the American-Soviet Science Society, Incorporated, including the names of Dr. GREGORY PINCUS (the appointee) and Dr. J. W. PINCUS, Agriculture, 64 West 93rd Street, New York, New York (believed to be the father of the appointee.)

Additional reference to appointee's father is contained in the report of Special Agent [redacted] dated March 9, 1949, at New York City, entitled "ALEXIS GEORGE PINCUS, AEA-A."

MAY MRS GREGORY GOODWIN PINCUS was born April 9, 1903, at Woodbine, New Jersey, the son of JOSEPH WILLIAM PINCUS, who was born in Russia, emigrated to the United States around 1893, and was naturalized at New London, Connecticut in 1898. On June 3, 1929, the appointee's father resided at 40 Hale Street, New Brunswick, New Jersey. The appointee's mother is ELIZABETH F. FLIPMAN PINCUS, born in Russia. The appointee's wife is ELIZABETH PINCUS, who was born April 17, 1898, Russia, emigrated to the United States in 1926, and was naturalized at Boston, Massachusetts, May 6, 1929.

Re: PINCUS - LGE

The appointee received a B.S. Degree from Cornell University in 1924, and his Master's and Doctor's Degrees from Harvard University in 1927. From 1927 until 1930 he was a Research Fellow of the National Research Council; from 1930 until 1938 he was Instructor and Assistant Professor of Biology at Harvard University; from 1937 until 1938 he was Visiting Investigator at Cambridge University; 1938 to 1945, Visiting Professor of Experimental Zoology, Clark University, Worcester, Massachusetts, and since 1944 the appointee has been Director of Laboratories, Worcester Foundation for Experimental Zoology, Worcester, Massachusetts.

The records of the House Committee on Un-American Activities indicate that one J. PINCUS and one G. PINCUS, both of New York City, were winners of a contest for selling subscriptions to the "DAILY WORKER", according to the "DAILY WORKER" of August 27, 1926, page 4. It is suggested that the New York Division conduct appropriate investigation to determine if the appointee is identical with the G. PINCUS mentioned above. In utilizing this information the Washington Field Office will report same only as it appears in the files of the House Committee on Un-American Activities, and it is suggested that the New York Division report the information as it appears in the "DAILY WORKER."

The files of the House Committee on Un-American Activities also reflect that one J. W. PINCUS has been a contributor to "SOVIET RUSSIA TODAY" since 1939. A review of the following issues of "SOVIET RUSSIA TODAY" was made in February, 1939:

April, 1939.
June, 1941.
March, 1942.

It was found that each of these issues contained an article written by J. W. PINCUS, described as a well known Agronomist. It is believed that the author of these articles is the father of the appointee and although the articles are of a technical vein in the field of Agriculture, reference will be made to the existence of these articles in the Washington Field Office report. In this regard it is suggested that the New York Division set forth in its report any information available identifying the well known Agronomist J. W. PINCUS with the appointee's father JOSEPH WILLIAM PINCUS.

 LOYALTY OF GOVERNMENT EMPLOYEES

Re Bulet November 23, 1949.

For the information of the Newark Office, referenced Bureau letter initiated an F.F.I.; buled December 23 next. This investigation is based upon reliable information to the effect that the Appointee in 1946 was a member of the American Soviet Science Society, Inc., which organization had originally been organized in 1943 under the name of The Science Committee of the National Council of American Soviet Friendship. The National Council of American Soviet Friendship has been cited by the Attorney General as within the purview of Executive Order 9835. The Appointee's father, Dr. J. W. PINCUS, is also reliably reported to be a member of the American Soviet Science Society, Inc. During an Atomic Energy applicant investigation in early 1949 concerning a brother of the Appointee, ALEXIS GEORGE PINCUS, it was determined that the Appointee's father, JOSEPH WILLIAM PINCUS, had been a Consulting Agriculturist with the Amtorg Trading Company at New York City, and that during 1937 was an employee of Amtorg.

The attention of the Bureau and Boston Office is directed to a change in the captioned title which reflects that the Appointee's employment is at Worcester, Mass., rather than Washington, D.C. Also, the Appointee's full name has been set forth in the title.

121 21003 8

The personnel file pertaining to the Appointee maintained by the U.S. Public Health Service reflects that GREGORY PINCUS received an excepted appointment, not to exceed ninety days in any fiscal year, for employment as a Special Consultant (when actually employed) with the National Institute of Mental Health, National Institutes of Health, U.S. Public Health Service, Federal Security Agency, Worcester, Mass., on September 26, 1949. In an oath executed by the Appointee on October 3, 1949, his residence was listed as 68 South Lenox Street, Worcester, Mass., and his birth date was listed as April 9, 1903, at Woodbine, N.J. His wife was indicated as ELIZABETH N. PINCUS. Contained in this personnel file is a memorandum prepared by Dr. SEYMOUR D. VESTERMARK, Acting Director, National Institute of Mental Health, Bethesda, Md., which outlines the Appointee's educational and employment background. Dr. GREGORY PINCUS received a B.S. Degree from Cornell University in 1924 and a Master's and Doctor's Degree from Harvard University in 1927. He did post-graduate work at Cambridge University in England and at the Kaiser Wilhelm Institute in Germany. From 1927 to 1930 he was a Research Fellow of the

National Research Council. From 1930 to 1938 he was an Instructor and Assistant Professor of Biology at Harvard. From 1937 to 1938, PINCUS was a Visiting Investigator at Cambridge University, and from 1938 to 1945 was a Visiting Professor of Experimental Zoology at Clark University, Worcester, Mass. Since 1944, PINCUS has been Director of the Laboratories, Worcester Foundation for Experimental Zoology, Worcester, Mass.

Upon interview, Dr. VESTERMARK was unable to furnish any information pertaining to the Appointee's loyalty, stating that he had known Dr. PINCUS by reputation only and had met PINCUS personally only once. He did, however, suggest the following individuals as persons who are acquainted with PINCUS's professional achievements and who therefore may be in a position to furnish pertinent information:

HUDSON HOAGLAND

Dr. WILLIAM MALAMUD, Boston University

BARDWELL H. FLOWER, Superintendent of Worcester State Hospital

Dr. VESTERMARK stated that PINCUS has no supervisory duties in connection with his work as a Consultant, and that, according to PINCUS's contract, he can be called upon to visit Washington, D.C., as a Consultant, although his headquarters are in Worcester, Mass., and his consultation advice is based upon work performed in Massachusetts.

The records of the Fourth Regional Office, Investigations Division, Civil Service Commission, contained a copy of Standard Form No. 60, Application for Federal Employment, dated October 3, 1949, which contains the following additional information concerning the Appointee:

References: HUDSON HOAGLAND, Southboro, Mass.

WILLIAM J. CROZIER, Professor, Harvard University

JOHN HAMMOND, Cambridge University, Cambridge, England

The Appointee's birth date is indicated as April 9, 1903, at Woodbine, N.J.

The records of the National Research Council, 2101 Constitution Avenue, NW, Washington, D.C., reflect that GREGORY G. PINCUS was the recipient of three successive annual appointments as a Fellow in Zoology from July 1, 1927, to June 30, 1932. In his initial application for Fellowship, dated January 20, 1927, the Appointee indicated his residence as 22 Chatham Street, Cambridge, Mass., and his permanent residence as 1845 Seventh Avenue, New York City. His parents were indicated as JOSEPH W. PINCUS, born in Russia, and ELIZABETH F. LIPMAN PINCUS, also born in Russia. The Appointee indicated having received the following

Fellowships:

- 1924-1925 - Grant of the Massachusetts Society for Promotion of Agriculture
- 1925-1926 - Assistant in Botany, Harvard University
- 1926-1927 - University Scholarship of the Bussey Institution, Harvard University

The following were listed as references:

- Dr. W. E. CASTLE, Bussey Institution
- Dr. W. J. CROZIER, Botanical Museum, Cambridge, Mass.
- Dr. W. M. WHEELER, Bussey Institution

Other records of the National Research Council reflect Appointee's father's name to be JOSEPH WILLIAM PINCUS.

The records of the Passport Division, U.S. Department of State, contained the following information:

GREGORY GOODWIN PINCUS, born April 9, 1903, at Woodbine, N.J., was issued Passport No. 68574 on June 3, 1929, pursuant to his application dated May 29, 1929. In his application he indicated that his father, JOSEPH WILLIAM PINCUS, had been born in Russia, had immigrated to the United States around 1893, and had been naturalized at New London, Conn., February 14, 1898. In this application for passport, the Appointee indicated his wife, ELIZABETH PINCUS, to have been born April 17, 1898, in Russia, and to have been naturalized at Boston, Mass., on May 6, 1929. This application is stamped to the effect that the Applicant's Birth Certificate had been seen and that his spouse's original Certificate of Naturalization No. 2941041 had been seen. On June 21, 1937, the Appointee was issued Passport No. 447554, and on February 14, 1947, he was issued Passport No. 12528. The latter passport was renewed on February 28, 1949, and in the Application for Renewal, PINCUS stated he intended to depart New York City on July 6, 1949, aboard the SS Batory for a two months' visit to Holland, Denmark, Switzerland, France and England for purposes of research study, the giving of scientific lectures, and to attend the International Biochemical Congress in Cambridge, England.

Contained in the Passport Files is a document entitled "State of New Jersey, Department of Health, Bureau of U.S., Trenton, N.J., January 15, 1947" which certifies to the birth of GREGORY PINCUS on April 9, 1903, at Woodbine, N.J. However, an asterisk appears alongside the Appointee's name, and at the bottom of the certification, the following information appears next to an asterisk:

21 21003

8

To Director, December 5, 1949
GREGORY GOODWIN PINCUS, LGE

"Information preceded and followed by asterisk supplied upon
Correction Form filed March 31, 1941, under authority conferred by law."

Inasmuch as the State Department record is not entirely clear as to
the birth certification of the Appointee, it is suggested that the Newark
Office verify the Appointee's birth. Washington Field Office will verify
the naturalization of the Appointee's father and wife.

It is assumed that the Boston Office will utilize all the above in
setting forth the Personal History Section of its report.

From a review of referenced Bureau letter of November 23 last, it would
appear that the most logical basis for instant investigation is the information
contained in Paragraph 4, Page 1, of referenced Bureau letter, and inasmuch as
such information emanated from a Washington Field Office report the "Basis for
Investigation" will be set out by Washington Field Office unless advised to the
contrary by the Bureau.

For the additional information of the Boston Office, it will be noted
that the Washington Field Office is currently conducting an investigation
concerning the Appointee's son, entitled "JOHN A. PINCUS, Special Inquiry,
Joint Committee on Atomic Energy", which investigation was initiated by Bureau
letter to Boston, New York City, New Haven and Washington Field dated November 9,
1949.

The Washington Field Office files contain one additional reference of
pertinence, namely, the report of SA JAMES J. MCCARTHY, dated February 23, 1949,
at New York City, in the matter "American Birobidjan Committee, was., Internal
Security - C", Bureau File 100-99898, which contains on Page 26 a single
reference to one J. W. PINCUS. Inasmuch as the Boston Office received dis-
tribution of instant report, it is assumed that Boston will utilize and report
same.

RESULTS OF INVESTIGATION

The August 28, 1926 issue of the "Daily Worker," an East Coast Communist daily newspaper, which in 1926 was published at Chicago, Illinois, according to its masthead, reflects, page four, column four, a listing of partial results of a national campaign conducted by this paper to obtain subscriptions. Under the portion of the list headed "New York City" the names of J. PINCUS and G. PINCUS were listed with a large number of other names of persons who were all described as subscription workers who had secured, by obtaining subscriptions, a certain number of "voting points" and could thus vote for a candidate for a trip to Moscow. The listing did not reflect any vote, but merely contained the names of the above-described eligible voters.

Confidential Informant New York City T-1, who is reliable, advised that in 1937 one JOSEPH W. PINCUS had been employed by the AMTORG TRADING CORPORATION at New York City. The informant stated that this individual was not personally known to him, and that he could furnish no other data concerning JOSEPH W. PINCUS.

Confidential Informant New York City T-2, who is reliable, advised that in the latter part of 1941, he had learned the AMTORG TRADING CORPORATION had employed the above-named PINCUS; the informant said that he had never had an opportunity to meet PINCUS, and knew nothing about him or his work for AMTORG.

is the sole representative in North America of the various Soviet trade and industrial organizations, and, according to the informant, it is the only organization through which trade is conducted between the United States and Russia.

On September 7, 1939, Mr. BENJAMIN GITLOW, a former member of the Central Executive Committee of the Communist Party, United States of America, and a member of the Secretariat, and also Communist Vice Presidential candidate in 1924 and 1928, testified before the Dies Committee which was investigating un-American activities.

Page 4542 of the published reports of the Dies Committee sets out Mr. GITLOW'S testimony as follows:

"A big source of income for the Party or an indirect source of income connected with the Soviet Government was the Amtorg, the Russian trading front in the United States. Those sent by Soviet Russia to open the Amtorg office consulted the Party as to the personnel it should employ for the Amtorg, such as the typists, bookkeepers, salesmen, etc. because they wanted to make sure that in the Amtorg, only such people would be employed as would be thoroughly reliable and one hundred percent loyal to the Soviet Government.

"As a result of the establishment of the Amtorg, the Party was able to place in the Amtorg organization several hundred Party members. The jobs they obtained were good jobs because Amtorg paid very high salaries, and they were earning more money than they had ever earned before. The Party members employed by Amtorg were organized into an Amtorg group. That group was not a public group, but was a group which maintained contact with the national office of the Party and with the district office in New York. The people employed by the Amtorg were instructed by the Party to cease open public activities in the Communist Party. In other words, they were divorced from Communist activities in order not to involve the Amtorg with the Communist Party. At the same time, this group was taxed by the Party. They had to 'kick in' with a part of their salaries to the Treasury of the Communist Party. From time to time we would impose a tax upon the group and usually they would pay the tax. If they did not pay the tax imposed on them, they might lose their position in Amtorg. That Amtorg group was a source of great revenue for the Party. The Amtorg was a Russian organization.

"Question: Were all the employees of the Amtorg members placed there by the Communist Party?

Mr. GITLOW: No, sir, all the employees of Amtorg were not Party members, but those non-Party members who obtained positions in Amtorg had been vouched for by the Party as being reliable... I was a member of the Secretariat which handled those confidential matters.

Mr. STARNER: Is that correct at the present time?

Mr. GITLOW: I would not be acquainted with the situation at the present time.

Mr. STARNER: That was up to what period?

Mr. GITLOW: Up to 1929."

The Communist Party has been cited by the Attorney General as coming within the purview of Executive Order 9835.

Confidential Informant T-4, of known reliability, advised on September 8, 1941, that the Amtorg Trading Corporation was a regular spy organization in the United States for the Communist Party in Russia.

T-4 further advised that on May Day the employees of the Amtorg Corporation are instructed to turn over their entire day's wages and, although the employees are not told that this money is for the Communist Party, every employee at Amtorg knows that it goes to the Communist Party in America.

T-4 also advised that whenever the Amtorg Corporation hires a new employee, who is undoubtedly a member of the Communist Party, that new employee is supposed to turn over to the Amtorg Corporation his Communist Party card and he is specifically instructed that he is not to attend any Communist Party meetings or outwardly indicate that he is a member of, or has any connections with, the Communist Party.

Confidential Informant T-5, of known reliability, advised that JOSEPH W. PINCUS, 64 West 93rd Street, New York City, maintained some correspondence with Dr. SAMUEL GELFAN concerning the formation of an agricultural section of the Science Committee of the National Council of American-Soviet Friendship, Inc. In this correspondence, PINCUS suggested the names of individuals for this section. He also suggested the names of individuals of Russian origin and the names of Americans who have been to Russia.

It is noted that the National Council of American-Soviet Friendship has been declared to be within the purview of Executive Order #9835 by the Attorney General.

The records of the Credit Bureau of Greater New York reflected that JOSEPH W. PINCUS was a consulting agriculturist. It further disclosed that the "New York Times" of March 4, 1937, indicated that JOSEPH W. PINCUS voluntarily petitioned for bankruptcy in the Federal District Court for the Southern District of New York. His liabilities were listed as \$8,087.00 and his assets were listed as \$175.00. The July 3, 1937 issue of the "New York Times" reflected a bankruptcy discharge for JOSEPH W. PINCUS.

On April 24, 1933, the "New York Times" reflected that a collection of children's books from Soviet Russia, owned by one JOSEPH W. PINCUS of New Brunswick, New Jersey, Agricultural Advisor to the Union of Soviet Socialist Republics, and Dr. THOMAS MOODY of the University of Pennsylvania were placed on exhibition at the New Jersey College for Women on April 23, 1933.

On August 28, 1937, the "New York Times" reflected that a group of Soviet agricultural officials on a buying expedition led by one J. W. PINCUS of the Amtorg Trading Corporation were buying livestock in the west for shipment to Black Sea ports to improve their flocks. The individuals in the company of PINCUS on this buying expedition were V. S. UNIEFF, Commissariat; NIKIFOR SANIZKY, Sheep Breeding Specialist; ALEXANDER ROMANEKO, General Livestock Specialist, and M. S. PEREFERKOVITCH, Chief of the Bureau of Animal Industry. These individuals were in Salt Lake City, Utah, on August 27, 1937.

In May, 1944 Confidential Informant New York City T-6, who is reliable, made available a mimeographed list of the speakers and guests at a dinner held on May 16, 1944 at the Hotel Waldorf-Astoria in New York City, in honor of the Tenth Anniversary of the Jewish Autonomous Region, Birobidjan, Union of Soviet Socialist Republics. The list reflected that Mr. and Mrs. J. W. PINCUS and Dr. GREGORY PINCUS had been guests at this dinner. The informant advised that these individuals were not personally known to him. A photostatic copy of pertinent portions of this list is being forwarded with each copy of this report. (Exhibit A)

An announcement sheet issued by the "American Birobidjan Committee (Ambijan)," a copy of which is attached to each copy of this report, pertains to the above mentioned anniversary dinner and reflects that one J. W. PINCUS, who is not otherwise identified, was a member of AMBIJAN'S dinner-committee which sponsored and arranged the affair. (Exhibit B)

Confidential Informant T-7, of known reliability, advised that the American Bureau of Birobidjan Committee (The Ambijan Committee for Emergency Aid to the Soviet Union), was formed in 1934 for the purpose of financially supporting the settlement of the Jews in Birobidjan, a territory in Siberia set aside for such purpose by the Soviet Government. Many of the officers and members of this committee are known members of the Communist Party. *persons of Jewish faith*

Confidential Informant T-8, who is reliable, advised that a meeting of the Board of Directors of the above mentioned AMBIJAN had been held on January 23, 1945, at the Murray Hill Hotel in New York City. The informant said that he learned that one JOSEPH W. PINCUS was among those present; the informant stated that he was not personally acquainted with PINCUS and knew nothing about him, except that the minutes of the meeting reflected that PINCUS had reported, for the Agricultural Committee, that the Committee was preparing blue prints for a poultry breeding plant and was making plans for a livestock breeding program for Birobidjan.

In February, 1946, Confidential Informant T-6, mentioned above, advised that JOSEPH W. PINCUS was a member of the Board of Directors of the AMERICAN BIROBIDJAN COMMITTEE (AMBIJAN) for the year 1946.

It is noted that Confidential Informant New York City T-9, who maintains reliable records of a personnel nature, advised that his records reflected that JOSEPH W. PINCUS, 64 West 93rd Street, New York City, was employed in Room 414, 103 Park Avenue, New York City, the office of the AMBIJAN COMMITTEE.

Confidential Informant New York City T-10, of known reliability, advised on March 7, 1949, that JOSEPH W. PINCUS of 64 West 93rd Street, New York City, was still connected with the AMBIJAN COMMITTEE.

Confidential Informant New York City T-11, who is reliable, on February 18, 1946 advised that the name of JOSEPH W. PINCUS appeared as a member of a sponsoring committee for a National Conference for Birobidjan, according to a call issued by the AMERICAN BIROBIDJAN COMMITTEE (AMBIJAN) of 103 Park Avenue, New York City, which conference was scheduled to be held March 9 and 10, 1946, at Hunter College, New York City.

Confidential Informant T-12, of known reliability, advised that literature issued by the AMERICAN BIROBIDJAN COMMITTEE during 1947 reflected that JOSEPH W. PINCUS was on the National Committee of this organization, and Confidential Informant T-7, mentioned above, furnished similar information in respect to the year 1948.

ADMINISTRATIVE PAGE

It is noted that the information received from New York City T-2, as set out in the details, refers to one "PINCUS," as reflected in the photostatic copy of Department of Labor records; the first initial of PINCUS in these records is too blurred to be ascertained. However, the social security number is identical to that given by New York City T-1 for JOSEPH W. PINCUS, and therefore, the two are believed identical.

It is noted that the New York Office does not have available information indicating whether or not JOSEPH W. PINCUS of 64 West 93rd Street, New York City, is identical to the father of the appointee, although paragraph two of reference Washington Field Office letter of December 14, 1949 indicates that he is believed to be appointee's father, as does Washington Field Office teletype dated December 2, 1949, in the case entitled "JOHN A. PINCUS, ACAA." It is further noted that the details herein merely report data concerning JOSEPH W. PINCUS and J. W. PINCUS, but do not specifically identify this person as appointee's father.

The indices of the New York Office reflect no information pertaining to ALEXIS GEORGE PINCUS, appointee's brother. The report of SA Madigan, bearing that title, referred to on the informant page, includes only information concerning JOSEPH W. PINCUS.

It is noted that the date August 27, 1926, "Daily Worker" issue, as set out on page two, of reference Washington Field Office letter is incorrect, and the data referred to appear in the August 28, 1926 issue.

The letter of AMBIJAN, in respect to the dinner held May 16, 1944, photostatic copies of which are forwarded herewith, is in the New York Office letterhead file, and its source is unknown.

Reference is made to the report submitted under the above-captioned individual by SA ARTHUR V. HART at New York City dated 12/27/49 and that of SA [redacted] at Boston dated 12/27/49.

[redacted] has brought to the attention of the Boston Division an item appearing in the "Worcester Telegram," a daily paper published in that city, under date of July 19, 1950. This item reflects that "protection against atom bomb radiation" will be studied at the Worcester Foundation for Experimental Biology, Shrewsbury, under the direction of Dr. GREGORY PINCUS. The item further reflects that an initial grant has been given the foundation and Dr. PINCUS of \$70,000 for work to begin in October 1950 and to be terminated by January 1, 1951. On the latter date, an additional grant for additional work is anticipated.

The foregoing information is furnished the Bureau and New York for informative purposes.

U. S. Senator BRIAN McMAHON
MISCELLANEOUS
INFORMATION CONCERNING

Pursuant to instructions of the Special Agent in Charge issued March 24, 1952, Special Agent [redacted] met with United States Senator BRIAN McMAHON of Connecticut in his room in the Sheraton Hotel, Worcester, Massachusetts at 8:30 a.m. on March 25, 1952.

When Agent [redacted] entered the room Senator McMAHON introduced him to Dr. GREGORY GOODWIN PINCUS, Director of the Worcester Foundation for Experimental Biology, Shrewsbury, Massachusetts. The conversation in which Senator McMAHON and Dr. PINCUS engaged appeared to indicate that Dr. PINCUS had discovered a new serum known as "Federol (ph)" not yet marketed, to be used in the cure of arthritis.

Senator McMAHON is presently afflicted with arthritis at the base of his spine which restricts his motions and apparently because of the peculiar location of the Senator's arthritis affliction efforts were made with negative results through Dr. PINCUS at the Memorial Hospital, Worcester, Massachusetts to inject serum into McMAHON's spine. Senator McMAHON being unable to receive this injection returned to Washington, D. C. on March 25, 1952.

The above background is being submitted for informative purposes.

For the Bureau's information Bufile 116-183842, entitled "GREGORY GOODWIN PINCUS - NY - 11865, ACAA; SECURITY MATTER - C" reveals a letter from New York to the Bureau dated April 6, 1951 wherein Mr. ALVIN F. RYAN, Chief, Personnel Clearance Branch, Security Division, Atomic Energy Commission, 70 Columbus Avenue, New York City, advised that Dr. PINCUS was

classified as a "no hire" on March 12, 1951 for classified work as a result of the Atomic Energy Commission's request for withdrawal inasmuch as PINCUS's work did not require access to restricted data. Therefore, no clearance for access to restricted data would be granted PINCUS.

It is also noted that Dr. PINCUS is the subject of the case entitled "GREGORY GOODWIN PINCUS, Special Consultant - Appointee, U. S. Public Health Service, Federal Security Agency, Worcester, Massachusetts, LOYALTY OF GOVERNMENT EMPLOYEES" (Rebulet November 23, 1949 and Washington Field letter to Bureau December 5, 1949).

The report of Special Agent [redacted] entitled "AMERICAN SOVIET SCIENTIFIC SOCIETY, INC.; INTERNAL SECURITY - R" dated August 4, 1947 at New York, reveals under the caption "Membership" that Dr. PINCUS was a member of this organization at least during October, 1946. b6 b7C

Reference is made to Bureau file 100-341825 entitled [redacted] IS - R" which reveals that Informant [redacted] on November 15, 1949 related that [redacted] contacted GREGORY PINCUS in Shrewsbury, Massachusetts and [redacted] wanted to know if the man from the Rockefeller Foundation had arrived. PINCUS stated he does not know as [redacted] is handling that." [redacted] stated he would probably see WARREN WEAVER the next day and PINCUS asked him to tell WEAVER "to get busy and do something." [redacted] wanted to know if PINCUS had seen "PETE LITTLE" and PINCUS stated he had not. b7D b6 b7C

It is not believed that Senator McMAHON is aware of the above and it is believed that the Bureau should be apprised of these facts.

A newspaper article in the Worcester "EVENING GAZETTE" dated March 25, 1952, which is attached hereto, reveals that Senator McMAHON, Chairman of the Joint Congressional Committee on Atomic Energy, made a visit to the Worcester Foundation for Experimental Biology at Shrewsbury, Massachusetts. He is quoted as saying, "The Foundation is making studies of the effects of atomic radiation on living beings." He praised the work of Dr. PINCUS, Director of the Laboratory, and his staff, stating, "We are having a series of hearings in Congress late next month involving progress being made by such research centers." He plans to ask Dr. PINCUS to appear at the hearing as a witness and speak to Congressmen on the whole question of atomic energy and medicine.
